The minutes of last years AGM were agreed.

**Election of officers.**

All officers had agreed to stand and this was excepted.

The Chairman agreed to stand on condition that he was Chairman only, a discussion took place around putting a “Complaints” section on the website, this was to enable anyone or any team with a grievance to put in writing their complaint, this would then email the management committee, this was needed as often the Chairman was used as an “Agony Aunt” and was not always able to give the item the attention it needed due to work and other commitments.

It was agreed that the league would consist of 2 divisions and every attempt to have all the cup competitions held.

The Handicap to be set at the end of December.

There would be a junior CVL held at Rydale school Pickering on the last Saturday of the month run by Martin Roberts.

James Thompson to organize TBL Junior CVLs on a Bi monthly basis if possible at Eston sports centre.

The possibility of a Refs course was yet again discussed, this to be looked at when the season is underway.

Reffs fees were to be held at £15 but if travelling was excessive then a little more to be paid.

The reffs incentive to be held at £30 for 10 games and at £10 for 5 games.

### **Website.**

**A big thank you to Phil for all the work on the website over the season. This season was to see player stats put on the website. Ask the reff for an MVP from each team to go on the website.**

**Match reports to be sent to James Thompson for including in the local newspapers..**

### **Player transfers.**

**Last season had seen some “heated” discussions over the transfer of players from One team to another, or rather the not allowing of the transfers of players, This was mainly due to the amount of moneys the player is said to owe.**

**After discussions it was agreed that it is the duty of every player to pay their fees. But on some occasions it was said that they owed well over one Hundred pounds, this was a ridiculous state of affairs and it was the duty of the club not to let this situation arise, and a maximum of £50 was set. The money would be paid to the league and then the league would pass on the money to the “Transferring” club**
